Nutrition Services Payment Policy

Tallmadge City Schools is committed to helping each student succeed. The nutrition services team helps to ensure student success by providing healthy breakfasts and lunches each day. The nutrition services department must be financially self-sufficient in order to avoid being a negative drain on classroom funds.

Households are responsible for ensuring that there are adequate funds to cover their child's meals each day. Please remember free and reduced meals are available. Online applications are available in PayschoolsCentral (<https://payschoolscentral.com/>) or you can download an application on the district website www.tallmadgeschools.org under the Departments> Nutrition Services section.

Meal account balances may be viewed by parents on PayschoolsCentral. This website allows households to make online payments, monitor account balances, and track student purchases in our cafeterias. To access these services, visit the district website at www.tallmadgeschools.org and under the Nutrition Services page, you will also find the Payschools Central link. From this page you can create your account and add money to your child's school meal account. There is NO fee for this service. Cash and checks are also accepted at all kitchens.

We allow meals to be charged because we feel it is important that students not be denied access to a meal during the school day. Students with a negative account balance of any amount will not be allowed to purchase a la carte items on account. All students with negative balances will be served a regular school meal. Negative balance letters will be sent electronically via email monthly until the balance is fully paid off.

Again, charges listed on a student account are the responsibility of the household. Please be aware that if this fee is not paid by the end of the school year, the fees will be carried over to the student account listed at the Tallmadge City Schools Treasurer as a part of their non-waivable fines. Thank you for helping us help kids succeed.

Sincerely,

Kurt Gwin

Director of Technology, Tallmadge City Schools
